Students of the MBA 2nd Year embarked on an industry visit to Navneet Education Ltd., Sayli, on May 17th, 2023. The primary objective of the visit was to provide students with a hands-on experience of industry operations. These visits serve as a bridge between theoretical training and practical learning, offering students the opportunity to witness real-life industry practices. Moreover, industrial visits provide an excellent platform for students to interact with professionals and gain insights into the industrial environment.

The outcome of this visit was **practical application of management concepts and theories, insight about Scholastic paper stationery and non-paper stationery products.** Students learnt about **diverse work environments, corporate cul-**

tures, and management practices. Through collaboration with industries, SSR IMR is providing valuable opportunities for students to enhance their understanding of the industries they may work in the future.
