It is a day when students come together to honor and celebrate the traditions, customs, music, dance, and art forms from various cultures around the India.

This event fosters cross-cultural understanding, unity, and appreciation, as we explore the beauty and uniqueness of each heritage. Throughout the day, our talented students had captivated the audience with their awesome inspiring performances, ranging from energetic traditional dances to various performances.

The event had a mix of various cultural performances like Singing, Dance, Speech, Skit, Ramp-Walk ,fillers and such other amazing performances. Students also participated in other activities like Food Without Fire, Rangoli Making, and Poster Making.
